GROWERS OF PLANTS FOR THE TRADE

Wholesale Price List

JANUARY, 1922

ISSUED MONTHLY—Always refer to the price list for the current month, as this list cancels all previous quotations and is made on a strictly CASH BASIS.

NOT LESS THAN SIX OF ANY ONE VARIETY AT DOZEN RATES AND TWENTY-FIVE AT HUNDRED RATES. No charges made for packing or delivering to the express company. All goods travel at customer's risk, and any claim for damage should be made to the express Company upon receipt of goods.

These prices are made on a strictly "Cash with Order" basis, regardless of the responsibility of the customer.

We wish it to be distinctly understood that while we take every precaution to have all plants and bulbs true to name, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and will not in any way be responsible for the crop. Every order we receive will be executed on these conditions only, and they must be accepted by the customer when ordering.

FOR FULL DESCRIPTIONS REFER TO OUR REGULAR CATALOG, MAILED ON REQUEST.

BEGONIAS

Luminosa, Prima Donna, Glorie de Chatalaine

We are pleased to advise our customers that we have succeeded this season in working up a good stock of Glorie de Chatalaine, that is now in splendid condition, good heavy two and three inch stuff. This is a Begonia that is never a surplus on the market, it is always a seller. Its clear, rosy pink flowers, abundantly produced, its dwarf compact habit, its propensity to be continually in flower makes it a plant that is always ready for use. It makes no difference whether it is a small three inch plant for such occasions as Sunday School plants, or in large specimens it can always be depended on.

Luminosa and Prima Donna are raised from seed of the famous Michell's strain. Luminosa in the well known red, bedding sort, also used in large quantities for Christmas, grown in large plants as individual plants and in the smaller size in making up plant baskets.

Prima Donna is a deep rose, shading to carmine, these are both excellent pot plants and bedding Begonias. They are free flowering and hold their foliage particularly well during the summer. They are also used extensively for window boxes, are especially well suited for semi-shaded positions.

For immediate shipment we offer good, strong stock:—

2-inch,	\$3.00 per 100,	\$27.50 per 1000
3-inch,	6.00 per 100,	50.00 per 1000
4-inch,	15.00 per 100.	

SUGGESTIONS FOR JANUARY

Easter, April 16th there will be a good demand for well grown bedding plants, if conditions should be the same as last Spring.

There is nothing better as a Sunday School plant for Easter than Glorie de Chatalaine Begonias, it can be depended on to be in bloom.

Begonias, Luminosa, and Prima Donna make excellent pot plants and are strongly endorsed for bedding. They stand the sun well.

Petunias gotten now will produce a number of cuttings and still make good plants.

Lantanias make the best showing when pot bound, are now sold in four inch pots in the Spring.

Ageratum Fraserii grown in a four inch pot is something different.

Black Prince Fuchsias shifted now into four inch pots should be in bloom for Easter.

Don't forget about ferns for Easter, four and five inch size will grow into money.

A few Kentia Palms should be carried on every place.

There is a growing demand for Holly ferns, they sold well all last Spring in five and six inch size, some larger.

FERNS

On account of our large stock of Boston, Scottii, Macawii, and Hollys we are in a position to offer our customers an exceptional fine lot of Ferns in all the different sizes we offer. The clean, healthy, sturdy appearance of our stock is commented on by every visitor to our place. The stock that we are now shipping is all exceptional good value for the money. Our manner of packing insures safe delivery during the winter months.

ABUTILON-Eclipse

Mottled green and yellow foliage, scarlet bell shaped flowers, dwarf grower, very satisfactory as a window box plant, or for low bedding.

2 inch, \$3.00 per 100,

3 inch, 4.50 per 100

AGERATUM-FRASERII

When we sent out Ageratum "Fraserii" last Spring with the recommendation that it would fill a long felt want among bedding plants by providing something dwarf that could be depended on to produce a continuous blue effect we had confidence that it would not disappoint. Its behavior during the last summer has proved satisfactory in every way. It is dwarf in habit, continuous in bloom, excellent both as a pot plant and a bedder.

2-inch, \$4.00 per 100, 3-inch, \$6.00 per 100.

OUR NEW DAHLIA
PATRICK O'MARA

The sensation of the New York Show of the American Dahlia Society in 1920 where it was awarded the following: American Dahlia Society gold medal, Society of American Florists silver medal, Toronto Horticulture Society bronze medal, American Dahlia Society certificate of merit.

Received the highest score at the trial grounds of the American Dahlia Society at the Connecticut Agriculture College in 1920, under ordinary field culture.

Featured and praised alike by the daily papers and trade journals.

During the trying season of 1921 it maintained its reputation in every way, giving almost universal satisfaction all over the country and a prize winner wherever exhibited.

The flowers can be grown to enormous size by special care. Under ordinary field culture; they are about five to six inches in diameter, produced on long stems, which hold the flower erect. The color is an unusually soft and pleasing shade of orange buff, slightly tinged with neyron rose, a rare autumn shade that is greatly in demand. It is a splendid shipping and long-keeping Dahlia. We feel safe in saying there is none better for commercial use or more pleasing for the garden.

We offer a limited number of whole field clumps at \$5.00 each, \$400.00 per 100.

Single tubers for the retail trade at \$25.00 per dozen, \$150.00 per 100. The retail price is to be \$3.00 each, for Spring delivery, tubers or plants.

We will offer a good assortment of cut flower and bedding sorts in pot-grown plants for Spring delivery.

GERANIUMS

In regard to Geraniums. The season has been most unfavorable for Geranium propagation, during the six weeks of hot weather in June and July we lost thousands of cuttings that we should have had to fill late Summer and Fall orders, while we have on hand quite a bunch of stock in three inch pots our list of varieties is somewhat deplete. We can only accept orders conditionally, that we have the varieties on hand, or can substitute. The hot weather has affected the stock that it is slow in starting into growth, so that it will be late in the Fall before we will have any quantity to offer, in fact, as far as we can find out this is the general condition existing throughout the Geranium market. Our advice is get what Geraniums you can and get them early. We only offer three inch at \$4.50 per 100.

SCENTED GERANIUMS

Some of the scented Geraniums make very desirable window box plants, as they are not only graceful in their growth, but by being sweet scented impart a refinement to the boxes that cannot otherwise be produced.

The Rose and such kinds should be more extensively used as sprays among cut flowers, as they are favorites with most people.

Balm.—Large flower, upper petals white lilac, lower petals dark, large leaves, with very strong fragrance.

Capitatum.—Small cut leaf, rose scented.

Clorinda.—Deep green foliage, flowers of good size and quite an improvement in that respect, of a bright rose cerise shade, splendid winter bloomer, very free flowering.

Dale Park Beauty.—Pleasing and fragrant foliage, immense flowers, broad lower petals deep lilac, upper petals purplish crimson maroon, feathered dark maroon.

Felicifolium.—Very attractive on account of its beautiful fern-like foliage, both as a plant and when used among flowers, a great favorite.

Lady Mary.—Upper petals rose-lake shaded violet crimson, lower petals blush white, small flowers, very pleasing odor.

Mrs. Kingsbury.—Magenta crimson, shading lighter to a white eye, upper petals veined maroon, sweet scented foliage.

Oak Leaved.—Leaves somewhat resembling those of an oak leaf, dark chocolate center.

Pheasant's Foot.—Large foliage.

Quericifolium.—Oak-leaved foliage, leaf black centre, very attractive.

Rose.—The standard rose scented, a favorite since it was introduced.

Scarlet Unique.—Excellent habit, full scarlet flowers, blotched with maroon.

Schotteshampet.—Filbert scented.

Tomentosum.—Large, flat woolly foliage, highly scented with peppermint.

3-inch, \$4.50 per 100, \$45.00 per 1,000.

IVY LEAVED GERANIUMS.

Alliance.—A French hybrid between a Zonal and Ivy. Its color is a most exquisite shade of delicate, lilac white, upper petals feathered and blotched bright crimson rose; flowers semi-double, and abundantly produced in fine, large trusses; beautiful foliage, clean and of splendid leathery texture; habit excellent, robust, strong, close-jointed.

Caesar Franck.—One of the most popular ivy Geraniums yet introduced, the color is an attractive shade of soft, rich crimson, with an exquisite shading of tender rose at the base of petals; habit vigorous, quick growing and pleasing; strong constitution.

Incomparable.—Very large trusses; florets immense and regular in form; a beautiful variety and exquisite shade of rose carmine; dwarf bold, compact grower.

Mrs. Banks.—Flowers are large, semi-double and borne in medium size trusses on long wiry stems; color a pleasing shade of blush white, upper petals feathered reddish Neyron; in habit of growth it is truly an Ivy; exceptionally strong and vigorous, flowering abundantly through the winter; handsome light green foliage.

3-inch, \$4.50 per 100, \$45.00 per 1000.

HARDY ENGLISH IVY

We have a large stock of Hardy English Ivy on hand, can take care of some large orders, on which we will make special prices. The two-inch will run from six to twelve inches, while the three-inch run

from twelve to twenty inches long. The four-inch is heavy stuff, three plants to the pot, thirty-six inches long tied to stakes.

2-inch, \$2.75 per 100, \$25.00 per 1000.

3-inch, 3.75 per 100, 35.00 per 1000.

4-inch, 4.80 per doz. 25.00 per 100.

HARDY IVY BASKETS

Twelve inch, heavy wire baskets, filled with about fifty, well established Ivy sprays, four wire handles well covered. \$5.00 each.

HELIOTROPE

Chieftain.—This is the old favorite, sweet scented Heliotrope, free flowering, light lilac, long stem.

Mad. Bruant.—Deep lilac purple, large flowers borne in large trusses, strong robust grower.

Mad. de Blonay.—Large almost pure white flowers, freely produced, long handsome foliage.

2-inch, \$0.60 per doz. \$2.75 per 100. \$25.00 per 1,000.

3-inch, .75 per doz. 3.75 per 100. 35.00 per 1,000.

Radiation.—A grand combination of color, brilliant and red shading.

2-inch, \$2.75 per 100, \$25.00 per 1000.

3-inch, 3.75 per 100, 35.00 per 1000.

LEMON VERBENAS

Well known for its sweet lemon scented foliage, which is largely used among flowers, which have no scent of their own.

2-inch, \$2.75 per 100, 3-inch, \$3.75 per 100.

LOBELIA

Crystal Palace, compacta, rich deep blue, dwarf compact grower, the best for pot plants or for bedding.

2-inch, \$2.75 per 100 3-inch, \$3.75 per 100

PETUNIAS

Our petunias are all cuttings, propagated from selected stock. The doubles and singles embrace a good range of color, the Rosy Morn are all one shade of clear rosy pink.

Good stock of two and three inch ready for immediate shipment, the three inch gotten now and grown on should make a big lot of cuttings.

2-inch, \$0.60 per doz. \$2.75 per 100. \$25.00 per 1,000.

3-inch, .75 per doz. 3.75 per 100. 35.00 per 1,000.
